

Industrial Grade Hanging Garment Racks

Penco's industrial grade Z-Racks™ are easy to assemble garment racks that are widely used in the Professional Laundry Industry.

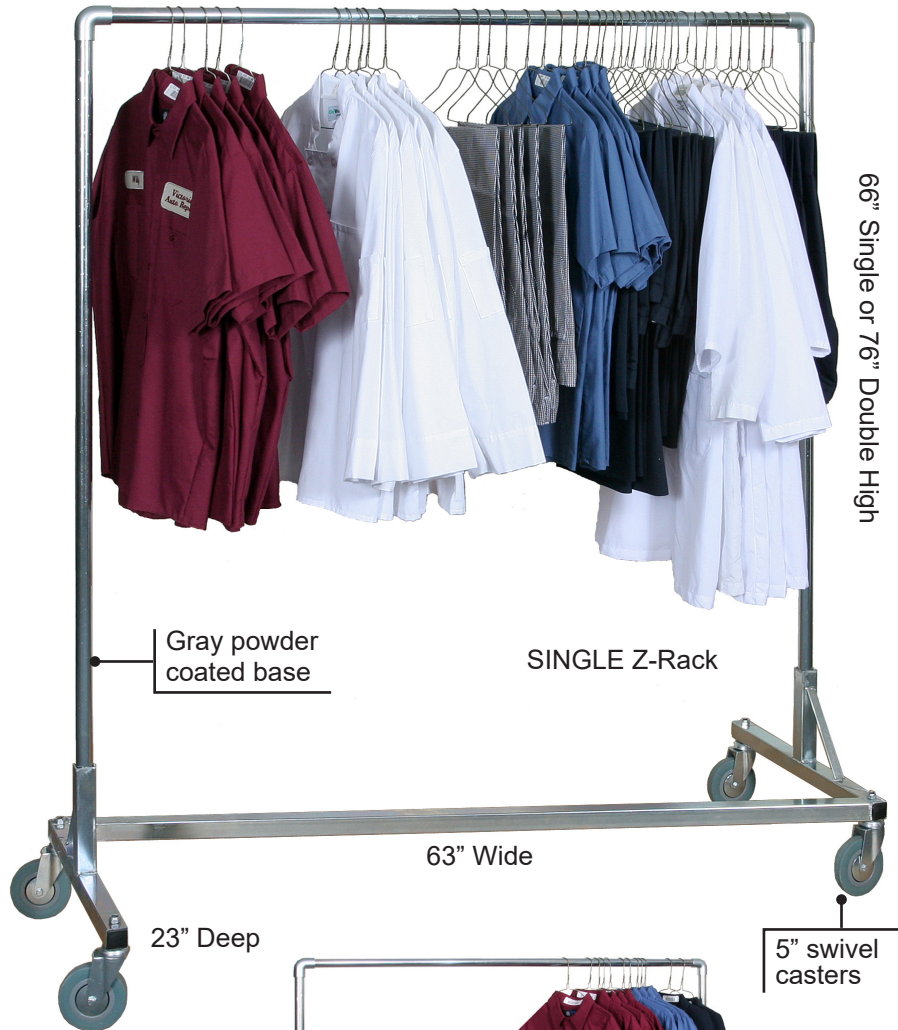

The "Z" shape of these space-saving rolling racks allow them to nestle into another unit, creating more floor space. The long-lasting durability of Penco's Z-Rack™ makes them a clear choice for anyone who needs to move or store large quantities of hanging garments.

Both models have these features:

- Heavy duty 5" Swivel Casters
- Galvanized uprights, hang rail and connectors
- Ships knockdown for freight savings
- Easy assemble
- 14 gauge powder coated base in gray

Galvanized steel uprights, hang rail and connectors

Z-Rack™

SINGLE Z-Rack

63" Wide

23" Deep
